Cook Appointed To Advisory Council

Rep. Drexel Cook, Elba, appointed by Gov. Lurleen B. Wallace to the Southern Regional Education Board Legislative Advisory Council, will attend the legislative work conference August 27-29 at White Sulphur Springs, West Virginia.

The council is a subsidiary agency of the Southern Regional Education Board and assists the parent body in legislative matters.

Sen. O. J. (Doc) Goodwyn, Montgomery, is Alabama's other delegate to the advisory council.

The Governor customarily appoints key legislators who have keen interest in education to represent her on the advisory council.

DREXEL COOK

Another Rabid Fox Found Near Elba

Another rabid fox has been found in this area. George Bowers killed this one in the Pine Level Community, in a pasture of C. G. Nelson. The fox was acting strangely Sunday and Bowers shot him and had the head sent to Dothan for diagnosis.

Dr. Phillip Ham received word Tuesday afternoon that the test was positive and the fox definitely was rabid. No humans were known to have been bitten by the fox.

This is the third rabid fox found northward of Elba during the past month.

Thousands Attend Co-op Annual Meeting

More than 3,000 persons attended the 1967 members meeting of Covington Electric Cooperative at the Andalusia Municipal Stadium on Saturday evening, Aug. 19, at which time Co-op members:

Elected two members to the Board of Trustees; received reports on operations during the past year; heard a humorous and inspiring address, and received \$1 attendance prizes.

Warren Hutcherson, Red Level Rt. 1, was elected to the Board of Trustees representing District 1. Hutcherson succeeds J. B. Rodgers, Red Level.

Earl Kelley, Andalusia Rt. 5, was re-elected to the Board from District II.

President J. L. Bryant and General Manager John Hill discussed 1966 operations of the Cooperative pointing out that 1966 sales of over 80.5 million KWH to 10,500 consumers stopped those of 1965 by 6.5 percent.

Hill stated that Covington Electric invested over \$300,000 in system additions and improvements during 1966, bringing total plant investment to over \$1.5 million. He also detailed plans for a further improvement program to accommodate larger power usages by Co-op members.

Bryant and Hill discussed plans of the Cooperative to move into new headquarters facilities at Sanford, near Andalusia, upon their completion later this year.

It was also pointed out that Covington Electric made over \$150,000 in loan payments during 1966, bringing the total of loan payments in principal and interest to over \$2.5 million, and that direct tax payments in excess of \$49,000 were made last year.

George Donaldson, Peanues, of Tifton, Ga., former President of Alabama Baldwin Agricultural College, and presently Executive Secretary of the Georgia Agricultural Commodity Commission For Peanues, of Tifton, Ga., entertained those present with an inspirational address, generously spiced with humor.

Donaldson praised Covington Electric for its accomplishments in helping to bring about a better way of life for its members, and urged his listeners to concentrate on the things that are "right with our country, instead of looking for the bad."

Other program highlights included the awarding of the "best" vision set, and electric range, and 29 other electrical appliances as attendance prizes, and entertainment by the Travelers Quartet, of Mobile.

Each Co-op member registering received a free light bulb.

THE BEGINNING - Greg and Phil Carroll began grooming their calves for the Coffee County 4-H Beef Calf Show as soon as the animals arrived on the farm. The two are among 40 four-Hers in the county who will feed and groom beef calves as a project this year. Greg, left, and Phil are the sons of Mr. and Mrs. Harrell Carroll of New Brockton Rt. 1.

Catfish Meet To Be Held In Geneva

If you are a pond owner interested in increasing farm income, then raising channel catfish for a commercial market may be just what you have been looking for.

A market is available in southeast Alabama for considerably more catfish than present producers can supply. In the past, the main limitation has been the lack of processing facilities.

E. C. and J. C. Edinger plan to install a processing facility on their property at Hartford Lake, near Geneva, Ala. The industry will depend upon a steady supply of catfish produced locally.

The supervisors of the Geneva County Soil and Water Conservation District are interested in the development of this facility. In order to promote the production of catfish for profit in southeast Alabama, they have scheduled a meeting to explain problems and opportunities in his new enterprise.

This meeting is scheduled for August 29, 1967 at the Geneva County Courthouse in Geneva, Ala. at 7:30 p.m.

Ralph Paul, Geneva attorney, will explain the organization of pond owners, and Earl Kenamer, Auburn Extension Service Biologist, will explain Feeding and Marketing.

For additional information, contact your local Soil Conservation Office.

City Council To Require House Numbers

The Elba City Council met at the City Hall Monday night and the main order of business was to pass an ordinance making it mandatory for all homeowners to put house numbers on their home. The ordinance will be effective the day it is published in a future issue of this paper and a \$25.00 fine will be charged to non-complying residents after a sixty day grace period. The motion was made by Councilman Zigler and seconded by Councilman Morrow and passed unanimously.

Each house and/or lot in Elba has been assigned a number in a joint City of Elba/Jaycee project and residents can look up their assigned number in books located at the City Hall.

The reason for this numbering project was explained by Mayor L. P. Mullins, he said "Elba is growing rapidly and in case of fire or other emergencies we needed a system of pinpointing the exact location rapidly to insure prompt assistance." Mullins continued by saying "This present method of saying 'John Doe lives next to Jim Smith' in the house old Joe moved out of is causing problems with the fire department, rescue squad as well as inhibiting the delivery of the U.S. mail."

While discussing the \$25 fine for physical, mental, or moral reasons, or who will enlist in a service prior to induction, it is necessary to call 700 men to the comply with the new law. Examining Station, in order to get 565.

He said some married men would be called in September. However, no question, "Will the ordinations will be drafted. The call will be made up of 'YES,' it would be used for 19 years of age less to pass it if we were not going to enforce it. This and A-A-O, examined and acceptable. The call includes eleven from Coffee County.

The ordinance requires a certain size letter.

Draft Call Set At 565 For Alabama

State Selective Service Director Hugh J. Caldwell, Jr., said today that some young Alabamians would report to the Montgomery Examining Station during September, to help fill the state's draft quota of 565.

The national September Selective Service call is for 25,000 inductees, compared to 29,000 in August.

Caldwell explained that because of the number of men who will fail entry for physical, mental, or moral reasons, or who will enlist in a service prior to induction, it is necessary to call 700 men to the comply with the new law. Examining Station, in order to get 565.

He said some married men would be called in September. However, no question, "Will the ordinations will be drafted. The call will be made up of 'YES,' it would be used for 19 years of age less to pass it if we were not going to enforce it. This and A-A-O, examined and acceptable. The call includes eleven from Coffee County.

The ordinance requires a certain size letter.

Local Negro Youth Drowns In Creek

John Wilson Dickson, age 10, son of Mrs. Agnes Dickson of Elba, drowned in Beaver Dam Creek Monday morning at about 10 A. M. The Negro youth was swimming when he stepped off in deep water and drowned.

The body was found by the Chief Deputy of the Elba Police Department and elements of the Elba Rescue Squad assisted by Sam Siler of Elba and Jack Johnson, of Crenshaw County.

The body was recovered shortly after eleven A.M. by a drag and hook crew from the Elba Rescue Squad under the able direction of Captain Leroy Miller and equipment manager Leo Foreman.

First grade students who have not registered must bring their birth certificates.

The first full day of school will be Tuesday, September 5, from 8:00 A. M. until 5:00 P. M. for all students.

Students in the Mulberry Heights School will meet in the Gymnasium at which time further instructions will be given.

AUSA MEMBERSHIP DRIVE - The Bogardus S. Cairns Chapter of the Association of the U. S. Army at Ft. Rucker, Alabama, opened its drive Tuesday (August 15) to bring its membership to at least 2,000. The drive will continue through October 9. Among the members of the Membership Committee are, from left, Bob Ellis of Enterprise, Alabama, and committee chairman, Jimmy Day, mayor of Daleville, Alabama, and president of the Cairns Chapter, Anthony Tew of Geneva, Alabama, and Colonel Leve F. Schockner, deputy commander of the Army Aviation Center. (U. S. ARMY PHOTO)

New Haven Plans Homecoming

The New Haven Baptist Church will hold homecoming services this Sunday, according to the Church pastor, Reverend Curtis Tuggle.

The services will begin with Sunday School and include speaking and special music and a lunch on the ground at noon. The public is invited to attend.

CITY SCHOOLS BEGIN CLASS AUGUST 31

The Elba City School opens their 1967-68 term of school on Thursday morning, August 31, from 8:00 A. M. until 10:00 A. M. Students are asked to meet in their respective schools at this time to receive their class schedule and books for the year.

First grade students who have not registered must bring their birth certificates.

The first full day of school will be Tuesday, September 5, from 8:00 A. M. until 5:00 P. M. for all students.

Students in the Mulberry Heights School will meet in the Gymnasium at which time further instructions will be given.

PERSONALS

Mr. and Mrs. Bill Jones, of Milton, Florida, spent Sunday with Mrs. John Bonneau, Jake and Corinne. Mrs. Jones will teach in the Milton school during the coming year.

Mr. and Mrs. Haston Blair and Mrs. Ray Blocker and Mr. and Mrs. J. P. Blair attended the August graduation at Alabama College in Montevallo. Bill Blair received a masters degree. Mr. and Mrs. Bill Blair are employed by the Opp City Schools.

Mrs. E. F. Lunsford returned home Tuesday afternoon (August 15th) from Murrell Memorial Hospital in Opp where she had been a patient for ten days.

The Old Timer
"He's the type of kid who goes to school, passes the toughest test and nothing else."

Thy word is a lamp to my feet.—(Psalm 119:105)

Almost every day every one of us is confronted with some question or some situation to which the answer is not readily apparent. We are not sure of the best action to take, the right thing to do. But if we will take the stand in faith that there is always a way, to meet every situation, we shall find that this way is revealed to us. It may help us to pray, give thanks, and keep ourselves open and receptive to it.

HIS FEET ARE ON THE GROUND!

This man can see for many miles, but he's not up in the clouds; his feet are on the ground! Contrary to what some people think, that's what the Church does for a man, too. Certainly it gives him a broader vision; it lifts up his eyes to see God and the eternal value of love, truth, justice and service which God inspires. It gives him a divine perspective from which to view his job, his family, his country — his life!

But the Church always keeps that man's feet on the ground! It accepts him for what he is — regardless of the clothes he wears or the job he holds. It looks evil in the face and sees it for what it is — a devilish cancer which only God can cure. It keeps a man squarely in this world while it lifts up his eyes to see another beyond the horizon.

And this is what the Church can do for you! It can give you greater vision. But it's not up in the clouds. It keeps your feet on the ground!

THE CHURCH FOR ALL
ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a source of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Please go to church regularly and read your Bible daily.

The bride's elbow length veil was of white peau de sole. The bride's train carried the same decorations as the dress. She wore a single strand of pearls which were a gift from the groom and carried a bouquet of white orchids and stephanettes centered on a white bible.

Miss Sammie Blue Waters attended her sister as maid of honor. Bridesmaids were Miss Lynda McCollough of Elba and Miss Elizabeth Weeks of Montgomery.

The attendants wore A-line dresses of pink bonded crepe. Pink silk organza bows served as headpieces and they wore long pink gloves.

Following the wedding a reception was given by Mrs. Robert Cannon, Mrs. Bancroft Cooper and Mrs. Oliver Williams.

Presiding at the bride's book was Mrs. Fred Crampton III. The guest were met at the door by Mr. Herbert D. Wise.

Rudolph Herring Dies Suddenly In Brockton

Rudolph Herring, age 54, died Saturday night at his home suddenly. Funeral services were held Monday at 3 P. M. from the First Methodist Church in New Brockton with the Reverend A. B. Tanton officiating. Burial was in the New Brockton city cemetery. He was the owner of Herring Motor Lines in New Brockton.

Survivors include the widow, Mrs. Stella Herring, New Brockton; mother, Mrs. Elie Herring, New Brockton; one sister, Mrs. C. R. Bedsole, Enterprise; three brothers, Zelma Herring, Ohio, Lawrence and Ralph Herring, both of New Brockton and one grandson.

Dean Christian's Services Held At Pine Level

Howard Dean Christian, age 45 died unexpectedly July 29th in Pensacola, Florida. Burial was in the Pine Level Cemetery Monday, July 31st. Milton Allen and Reverend J. T. Castleberry officiating.

Survivors include his widow, Delatha R. Christian; three sons, Frankie, Ricky and Billy; one daughter, Cathy, all of Brantley, Alabama; mother Mildred Christian, Seneca, Ohio, two sisters, Mrs. Phyllis Denver, Seneca, Ohio, Mrs. Lois Canto, Cambridge, Ohio; three brothers, Donald Christian, Torrance, California; Robert Christian, Omaha, Nebraska; and Gerbert Christian, Seneca, Ohio.

IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

Our Educational Lack

ONE of the things we believe are necessary if our civilization is to survive and go on to the fulfillment of its potential is economic knowledge. We must understand and we must teach our children what motivates and controls men in the actions which they carry on in seeking a livelihood and the satisfaction of their wants.

Dr. Kershner and desires. We have to know what causes men to produce abundantly, or we shall succumb to the false principles of socialism and lose our economic well-being. We have to know the reasons for sound, non-inflationary money, or we shall succumb to the disasters of inflation. Indeed this crisis is already upon us, because there is little understanding of monetary principles.

We have to know the cause and the cure of depressions, or they will continue to afflict us. We have to know why minimum wage laws cause unemployment and more poverty, or we shall continue to enact them to our own undoing. We have to know why something for nothing destroys initiative, creates more and more dependence, and will eventually destroy all freedom and bring totalitarianism.

We have to know the philosophy of the free market and how it operates or we shall not be able to maintain it. Indeed we have already lost it in very large degree. We have to know why collectivism fails and freedom succeeds or we shall not have the courage and the ability to remain free.

The average person in our world today knows almost nothing of economic theory or history. These subjects are not taught effectively in our schools; in fact not taught at all in most of them below college level. Many of our colleagues offer nothing of importance in the realm of economic knowledge. If we do not understand what motivates men to successful action, we shall not be able to set up and maintain the kind of economic system that will do it.

Howard Kershner's Commentaries, Inc., Box 450, Radio City Station, New York, N. Y. 10101

Enterprise Junior College To Begin Classes September

Fall quarter classroom
work will begin Wednesday,
Sept. 13, at Enterprise State
Junior College.

For entering freshmen,
however, the school year
will start Wednesday, Au-
gust 30, with placement
tests.

Tommy N. Johnson,
dean of students, said all
new students had been no-
tified to appear at some
time that day, depending
on what tests they are to
take. He said all new stu-
dents would take English
and reading placement
tests devised by the ESJC
faculty. Those who did not
have the American College
Test in high school will
take the School and College

George Firth
Serving In
South Vietnam

Senior Master Sergeant
George A. Firth, son of
Mrs. M. Firth of 1020 De-
troit Ave., Cleveland, is on
duty at Nha Trang AB, Vi-
etnam.

Sergeant Firth a material
superintendent, is a
member of the Pacific Air
Forces which provides of-
fensive-defensive air pow-
er for the U. S. and its
allies in the Pacific and
conducts air operations in
Southeast Asia.

Before his arrival in
Southeast Asia, he was as-
signed to the 314th Supply
Squadron at Sewart AFB,
Tennessee.

The sergeant, assigned to
the European Theater of
Operations in World War II,
also served during the
Korean War.

He is a graduate of
Peabody High School,
Pittsburgh.

His wife Nola, is the
daughter of A. Z. Scott
of Rt. 1, Kinston, Alabama.

Ability Test.

Johnson emphasized
that the tests are for place-
ment only, so that advisors
can direct students to the
most appropriate courses.
The college follows an
"open door" policy in ad-
mitting students without
regard to test scores.

Registration for upper-
classmen who pre-registe-
red in the spring will be
held Monday Sept. 11.
Beginning freshmen and
sophomores who failed to
pre-register will register
Tuesday, Sept. 12.

President Forrester
has predicted an enroll-
ment of more than 900
students this fall, an in-
crease of 50 percent over
the last school year.

To take care of the in-
crease, Talmadge said, 115
separate classes have been
tentatively scheduled be-
tween the hours of 8 a.m.
and 4 p.m. and another 25
class sections are planned
for the evening hours.

Students who will
begin work Sept. 1 will
bring the total number of
the junior college faculty
and staff to approximately
50.

Tennessee.

The National Science
Foundation granted Pea-
body a total of \$171,990 to sup-
port two separate insti-
tutes for teachers of science
and math.

The unitary summer in-
stitute is supported by a
grant of \$67,910 and is
designed to provide gen-
eral science teachers with
a program of intensive
study in one physical science
or in Mathematics.

Participating are 41 teach-
ers from 18 states and
33 cities.

A grant of \$103,980 sup-
ports the sequential multi-
field institute in biology,
mathematics, and the New
physical sciences, which in-
cludes 83 participants from
23 states and 59 cities,
one from Canada. It is
designed to provide teach-
ers of science and math-
ematics at the junior high
or senior high school level
with three summers of in-
tensive study in one of these
areas, and can lead to the
masters degree.

Carpenter is a teacher
at the Kinston High School
and is the son of Charlie
Carpenter, also of Elba.

Alcohol To Be
Taught In
High Schools

One hundred sixty high
schools throughout Ala-
bama have reserved pro-
gram time for the third
annual Alabama ABC Board
program of alcohol educa-
tion. "Alcohol and the
law."

This program, inaugu-
rated in the spring of 1966,
approaches the question of
beverage alcohol from the
standpoint of the teenager
and describes his responsi-
bility under the law in
assuming this relationship.

The ABC Board pro-
gram outlines not only the
legal penalties for viola-
tion of these laws, but
dwells at length on the dan-
gerous results a police re-
cord can have on a per-
son's life, as he completes
his education, enters the
Armed Forces, or gets a
job.

High schools throughout
the state are being con-
tacted, and are encouraged
to respond at their earliest
possible convenience.

Any school that wants
an assembly program may
contact the Alabama ABC
Board, Administrative
Building, Montgomery,
Alabama.

Duck Stamp Good On Old or New License

Conservative Director

Claude D. Kelley announ-
ced Tuesday that the new
1968 Federal duck hunting
stamp, when affixed to
either a 1966-67 Alabama
hunting license or a 1967-68
license, will be honored by
law enforcement personnel
of the Department of Con-
servation during the spe-
cial September teal sea-
son.

Kelley pointed out that
if the Federal duck hunt-
ing stamp is attached to the
1966-67 license, that this
license, in addition to the
1968 Federal duck hunting
stamp, when affixed to
either a 1966-67 Alabama
hunting license or a 1967-68
license, will be honored by
law enforcement personnel
of the Department of Con-
servation during the spe-
cial September teal sea-
son.

Persons admitted to the
Elba General Hospital dur-
ing the period of August 15th
thru August 22, 1967 were
the following:

Donnon Bryan, Van Vaughn,
an, Lillian Pynes, Arron
Lindsey, Mable Ann Carn-
ley, Lee Etta Fleming,
Adell Smith, Patricia Pow-
ell, Betty Edna Smith, An-
nie M. Perkins, Bernice
Culver, Elizabeth Banks,
Harrin Murphree, Lillie
Mosley, Margaret Gillan,
Sylvie Berry, James W.
Compton, Kenneth J. Jack-
son, Carolyn Marler, Wil-
liam Harvey Lot, L. V.
Adcock, Nancy Glover, E.
S. Dyess, Mildred Head,
Alice Williams, Kermit
Crook, Sandra F. Holland,
James R. Bush, Ronnie
Duncan.

Persons discharged as
of this time are:
Donnon Bryan, Van Vaughn,
an, Arron Lindsey, Mable
Ann Carnley, Patricia Ro-
well, Betty Edna Smith,
Annie M. Perkins, Bernice
Culver, Elizabeth Banks,
Harrin Murphree, Margaret
Gillan, Nancy Glover,
Kenneth Jackson, Carolyn
Marler, William Harvey
Lot, Ruby Nell Gray, Jim
Bedselle, Lela Smart,
Dobbie Landingham, Fannie
Kelley, L.A. Sutherland,
Isabell Bryan, Alma Helms,
G. B. Kelly, Robin Bozeman,
James W. Compton.

Robert Moore
Assigned To
McConnell AFB

Airman Robert L.
Moore, son of Robert D.
Moore of Rt. 4, Elba, Ala.,
has received his first U.S.
Air Force duty assignment
after completing basic
training at Lackland AFB,
Tex.

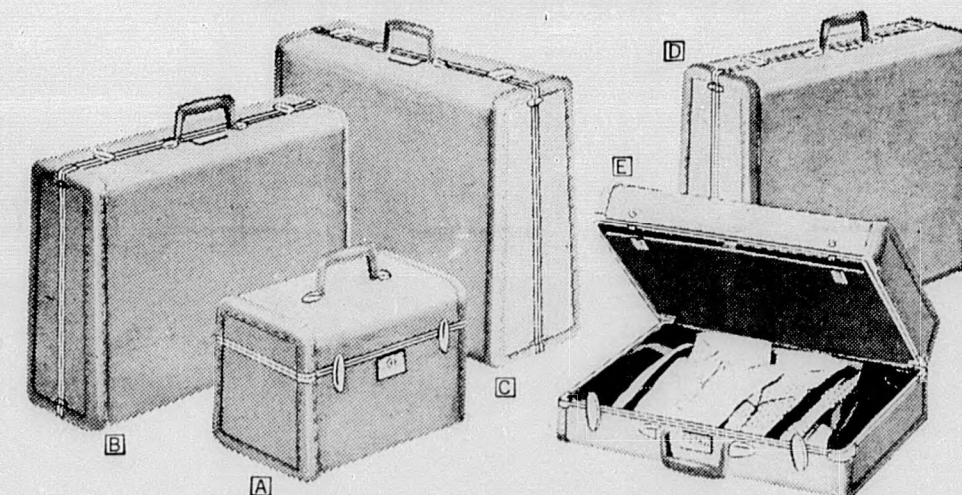

He has been assigned to
McConnell AFB, Kan.,
for training and duty as a
security policeman. He be-
comes a member of the
Strategic Air Command
which keeps the free
world's mightiest missile
and jet bomber force ready
to counter the enemy
threat.

Airman Moore is a 1967
graduate of Elba High
School.

His mother, Mrs.
Georgia Alexander, re-
sides in Hopkinsville, Ky.

4-H FORESTRY

Four 4-H Club boys who
Joe Johnson of Route 2,
are interested in learning
more about forestry will at-
tend the eighth turf grass
short course in Auburn on
Thursday, August 24, of
this Brockton. Each of these

week. Those attending are
Kinston, Jimmy Taylor of
Route 3, Opp, Wayne Wil-
tend the forestry short son of Route 2, Brundidge,
course in Auburn on Thurs-
day, August 24, of this Brockton. Each of these

will be discussed will in-
clude fertilization of
grasses, building golf
greens, treatment of nema-
todes, tour of research
plots, and a study of some
of the newer grasses.

For folks who are in-
terested in this sort of
thing will find that this
is a real opportunity to
learn more about growing
grasses. I will be glad to
send full information
on this if you will call or
write me.

in forestry.

The old saying "A poor
beginning indicates a good
end."

TURF GRASS SHORT
COURSE

Folks interested in
learning more about lawns
turf grasses are invited to
attend the eighth turf grass
short course in Auburn on
September 7 and 8. Sub-
jects to be discussed will in-
clude fertilization of
grasses, building golf
greens, treatment of nema-
todes, tour of research
plots, and a study of some
of the newer grasses.

For folks who are in-
terested in this sort of
thing will find that this
is a real opportunity to
learn more about growing
grasses. I will be glad to
send full information
on this if you will call or
write me.

4-H CLUB WEEK
National 4-H Club Week
will be held the week of
September 30 to October
7. We are planning spe-
cial observances of this
event here in Coffee
County.

A few days ago in Mo-
bile, Dr. Lloyd H. Davis,
director of our Washington
Extension Office, quoted
Senator Jamie Whitten of
Mississippi as saying, "In
his long experience in
Washington that he rarely
ever heard of boys and
girls who had had good
school training and expe-
riences in 4-H Club work
getting into serious
trouble." The theme for
this year's observance is
"4-H-A World of Oppor-
tunity."

CORN CONTEST

We have over 50 men
and boys who have entered
the More Corn Per Acre
Contest which is sponsored
by the Enterprise Chamber
of Commerce. I believe
this is the third year this
contest has been in effect
and I am already convinced
that the committee on
checking these yields will
have a big job.

Several growers
throughout the county are
going to make record
yields. I don't know if we
will have any making 100
bushels per acre or not,
but I have a feeling there
will be some. We got off
to such a poor start with
our corn crop this year,
I am surprised it turned
out as well as it did. May-
be there is something to

KILLING BAHIA GRASS

Bahia grass has become
a terrible pest in lawns
of Coastal, St. Augustine
and other types of lawns.
I have had several calls
this year asking for our
recommendations on this.
The regular grass and
weed killers cannot be used
to kill Bahia grass on St.
Augustine or Coastal with-
out killing the grass. The
arsonates can be used to
kill Bahia in Bermuda and
Zoysia lawns. For control
in Coastal and St. Augus-
tine use Cacthal or Be-
tasan. We have directions
for using these materials.
Get in touch with me if

HAY GRAZING

I have seen two excel-

Oil Under City

A western petroleum
company decided it was
time to tap the oil reser-
ves under the city of Los
Angeles. So, the company
engaged an architect to de-
sign a drilling installation
that would harmonize with
new construction in the
area. It is a beautiful ten-
story, sky-blue structure
of vertical steel panels,
behind a 12-foot orna-
mental flagstone wall, looking
for all the world like a
very modern high-rise of-
fice building, sound-proof-
ed and landscaped.

Coastal Bermuda is one
of the best grazing hay
crops developed. We have
thousands of acres in Co-
fee County that need to be
in some kind of income
producing grass. I can't
think of a better grass
crop than Coastal. Feb-
ruary is the next best time
to start plantings.

Enterprise Junior College To Begin Classes September

Full quarter classroom work will begin Wednesday, Sept. 13, at Enterprise State Junior College.

For entering freshmen, however, the school year will start Wednesday, August 30, with placement tests.

Tommy N. Johnson, dean of students, said all new students had been notified to appear at some time that day, depending on what tests they are to take. He said all new students would take English and reading placement tests devised by the ESJC faculty. Those who did not have the American College Test in high school will take the school and college tests.

George Firth Serving In South Vietnam

Senior Master Sergeant George A. Firth, son of Mrs. M. Firth of 1020 Detroit Ave., Cleveland, is on duty at Nha Trang AB, Vietnam.

Sergeant Firth, a member of the Pacific Air Forces which provides offensive-defensive air power for the U. S. and its allies in the Pacific and Southeast Asia.

Before his arrival in Southeast Asia, he was assigned to the 34th Supply Squadron at Sewart AFB, Tennessee.

The sergeant, assigned to the European Theater of Operations in World War II, also served during the Korean War.

He is a graduate of Peabody High School, Pittsburgh.

His wife Nola, is the daughter of A. Z. Scott of Rt. 1, Kinston, Alabama.

Duck Stamp Good On Old or New License

Conservative Director Claude D. Kelley announced Tuesday that the new 1968 Federal duck hunting license, which must be stamped, when affixed to either a 1966-67 Alabama hunting license or a 1967-68 license, will be honored by fowl season which begins November 1.

Kelley said this ruling will apply to duck hunters only. He said this system was put into effect because the new Federal duck hunting stamp was issued before the current Alabama hunting license expires.

This arrangement was made to accommodate hunters during the special teal season from September 22 through 30 as well as the regular duck hunters in the fall. Alabama's 1966-67 hunting license expires on September 30.

The olive tree is highly valued as a landscape ornamental for yards and gardens.

FHA Will Help Farmers With Recreation Project

Farmers in Coffee County may be able to develop income-producing recreational projects with Farmers Home Administration supervised credit according to Bill Ray, local county supervisor for the federal agency.

Mr. Ray said approximately 1,100 farmers and rural groups have borrowed some \$65 million to develop rural recreation projects during the past five years.

Nearly all the farmers who have developed recreation projects with Farmers Home Administration loans showed some profit in 1966," he said. "These farm recreation projects are a supplementary enterprise to the farm business yet they showed an average net profit of \$1,387. Those who had been in business three years or more showed an average profit of \$2,143."

Farmers who have a natural recreation area on their farms that they can develop and exploit should analyze their situation thoroughly. If the project is feasible financing may be arranged through Mr. Ray's office," Mr. Ray said.

Among the more successful projects that have been financed with Farmers Home Administration loans according to Mr. Ray are golf courses, marinas, hunting projects, camping grounds, vacation homes, swimming pools and fishing facilities. Youth camps seem to be the most profitable. They showed an average profit of \$2,670 in 1966.

Farmers Home Administration uses its farm operating and farm ownership loan program to finance recreation loans. Farmers can obtain a maximum of \$35,000 for operating expenses, including the operating costs of farm-based recreation enterprises and \$60,000 for a real estate program, including development of land and buildings for recreation purposes.

These loans carry a 5 percent interest rate on the unpaid principal. The repayment period of loans secured by real estate may exceed 40 years, while that secured by chattels has a 7 year limitation. Such credit is only extended to those who cannot obtain it through normal lending channels at reasonable rates and terms.

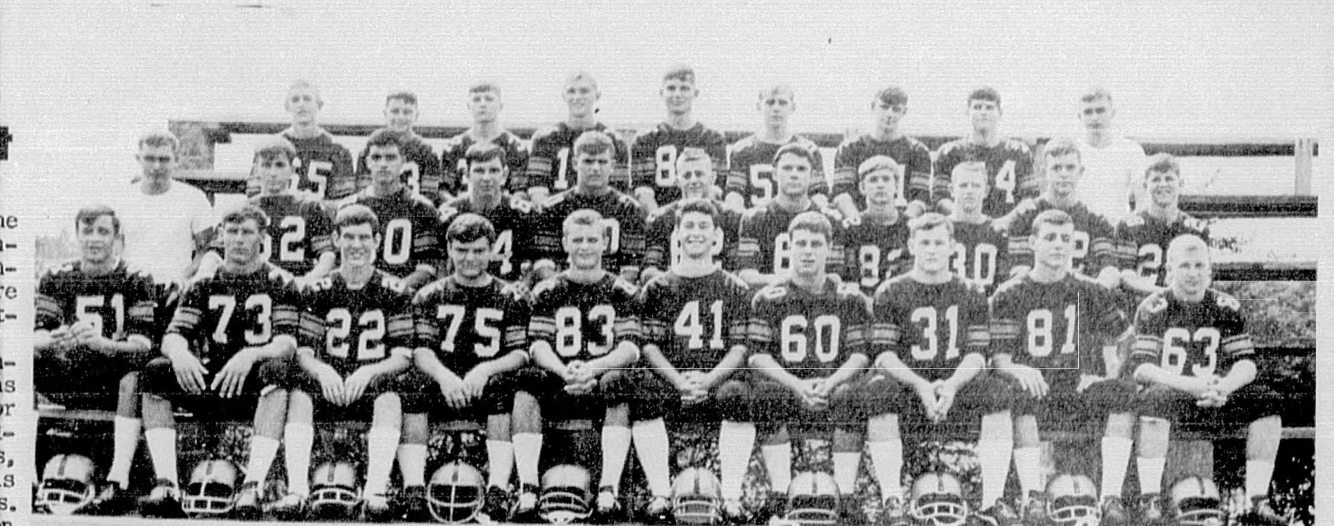

Developing a community's recreational potential is big business in some areas the Coffee County supervisor explained. Whole communities benefit when new recreation areas are created.

Mullins stated that if the bicyclist were too young for prosecution in the City Courts then the parents would be held responsible.

At a recent joint meeting of the Elba Lions Club and the Elba Jaycees, a mutual agreement between the two civic clubs insured the renewal of the local troop of the Boy Scouts of America.

The scouts will be co-sponsored by the Lions and the Jaycees with John Ford serving as Scoutmaster and Bobby King serving as Assistant Scout Master.

Ford is a civilian instructor pilot at Ft. Rucker and King is an accountant with Nasco Building Supply.

ELBA TIGERS FOR 1967 are from left to right: Tommy Dewberry, Joe Free, Joel Martin, Charles Cowen, Donnie Holley, David Stokes, Leavy Boutwell, Jerome Ward, Larry Grantham, Eddie Cooper.

SECOND ROW Rickie Mack (manager), Clark Bragg, Mike DuBoise, Larry Wambles, Mike Reeves, Myron Thomas, David Inman, Daniel Stephens, Keith Baker, Brice Paul, Dick Flowers.

MAJORETTES strutting before the Elba Tiger marching band for the 1967-68 season are pictured above. They are from left Nina Mescham, Patricia Clark, Sue Young, Debbie Lindsey, Janet Daniels and the front center is Christina Cooper.

Brunson To Head Elba Quarterbacks

The Elba Quarterback Club elected A. C. (Buddy) Brunson Jr., as Quarterback for the coming year. Elected to serve with Brunson were Fred Moore, Secretary-Treasurer, Stanley Prior, Captain and Gary Hudson alternate captain.

The club voted to buy matching blazers for the athletic department and these will be used by football, basketball, and any other sports teams formed by the school.

The meeting for this week will again be held at 7:30 tonight (Thursday).

Will Moody
Rec ves BA
At McNeese

Will D. Moody, son of Mr. and Mrs. John D. Moody and the brother of Mrs. Nell Lawford all of Elba, received his Bachelor of Arts degree from McNeese State College, Lake Charles, Louisiana, on August 5th. He received his degree in Speech-Radio and Television and plans to go into public relations work.

Degrees were conferred by Dr. Wayne M. Cusic, will be filed in the near future, and he cited the 160 graduates for their accomplishments in their courses of study while in college.

Mr. Moody now resides in Lake Charles with his wife and two children.

Covington Co - op Gets Million Dollar Loan

The Rural Electrification Administration recently announced approval of a loan in the amount of \$1,081,000 for Covington Electric Cooperative.

J. L. Bryan, Covington Electric President, stated that a portion of the loan funds would be utilized to reimburse the Cooperative for expenditures it has made, and is making, in connection with the construction of new headquarters facilities at Sanford, U. S. Highway 84 East near Andalusia.

Bryant added, however, that a major portion of the loan funds was for the purpose of carrying out system improvement work to meet the rapidly-growing power needs of Covington Electric consumers.

Power sales for 1967 to date have increased by more than 7.5 per cent over those of the same period of 1966, Bryant pointed out.

He stated that the improvement work would include the erection of certain new facilities, together with the "heaving up" of other installations in various parts of the Co-op's service area.

The loan must be approved by the Alabama Director of Finance, and a petition for such approval as required by state law, will be filed in the near future, Bryant added.

Covington Electric Cooperative is presently serving almost 10,700 consumers in Covington, Coffee, Crenshaw and Geneva counties, and is operating over 1,760 miles of power lines.

Ford To Head New Boy Scout Troop In Elba

At a recent joint meeting of the Elba Lions Club and the Elba Jaycees, a mutual agreement between the two civic clubs insured the renewal of the local troop of the Boy Scouts of America.

The scouts will be co-sponsored by the Lions and the Jaycees with John Ford serving as Scoutmaster and Bobby King serving as Assistant Scout Master.

Ford is a civilian instructor pilot at Ft. Rucker and King is an accountant with Nasco Building Supply.

THIS CRACKED WINDSHIELD was the part of the results of a four car collision on the Elba-Enterprise highway Friday afternoon. The main slick highway was credited with causing the accident.
